

**Bali HHH 2 – Run 907**  
**6<sup>th</sup> June 2009 Full Moon Run Serangan Island**  
**Hare: Jorok assisted by BIOS**

We gathered at the Turtle Centre to park, we drove to the beach but were turned back so we gathered at the Turtle Centre to park. We then walked to the beach. The day started with classic hash mismanagement but what a good day it turned out.

After initial confusion everyone gathered on the beach to release baby turtles, tiny black flapping creatures released into the waves was good for the soul, how many will survive to become adults is anyone's guess.

Without fanfare and with the full moon rising over the horizon we set off heading South. As we reached the top of a hill we realised we were off paper (no hills on Serangan). Back to the paper, large blobs dropped along the way. We headed South West eventually reaching a temple then the paper stopped. We checked back and the paper went East, on on as the diminished pack (the rest were out for an evening stroll) we headed east along a road then North but suddenly the paper crossed a ditch and headed East again turning the pack around.

Darkness was falling and we headed north again along the edge of water. The paper became harder merging nicely with the litter strewn along the beaches. We passed pieces of toilet paper hung from the bushes and the trail was lost in the growing darkness as white paper merged with the white rock were we running on.

Back at the site and a barbeque was in full swing. We lingered long as hashers dribbled in from the darkness enjoying Jorok's burgers, hotdogs and steaks. Eventually the circle got going.

Many old hands returned to the pack including Wayan Busiasa, Discowanker, Cock Sucker, Hot Lips, Man Chew Fucker, Snatcher, Spare Ball, Mita, Curly Snatch, Hammer Head, Emily Bowtell, Ketut Ariawan and Tuddy. We had a visiting hasher Whoreater from Brisbane. Other visitors were Aik, Saidal, Brian Dent, Jan Carlo Quattro, Penny Sear, Gunawan, Louis Van Halkwyk. Lots of virgins lost their hash hymens including Nyr, Sayidi, Dewi, Tita, Darti and Steph Beaumont, they'll never be the same again.

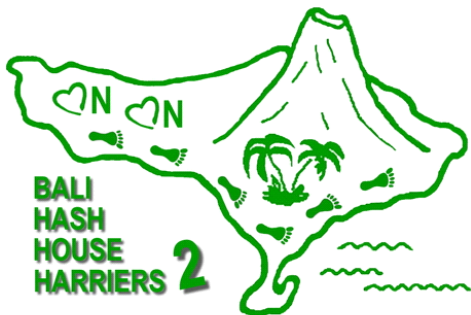

A good day out, thanks Jorok.

### **Committee news**

At its meeting last Wednesday the committee reviewed a number of hash decisions:

1. Hash fees are to remain as they are at Rp 30,000 for members and Indonesian visitors and Rp 100,000 for foreign visitors.
2. Except in exceptional circumstances all runs will charge the standard run fee (there will be no increased fee for sponsored runs)
3. The committee will provide sponsorship assistance to a few selected runs, the list is to be finalised but will probably be Indonesian Independence Day, Uncle's Birthday, Christmas, New Year and Chinese New Year.
4. The committee will continue the policy of getting as many people to set runs as possible. All hashers are expected to take their turn at setting a run.
5. The committee also asks hares to find new sites where possible.
6. No one can hare more than 2 runs per year.
7. Hash Cash, The Beermaster and the Hare Raiser are fully responsible to make decisions in their roles, the committee will not interfere and will support them in their jobs.
8. The committee will work to improve communication with the members. A campaign will be started to get as many member's email addresses as possible.
9. Violence and intimidation is not acceptable behaviour on the hash. Members who do this can expect to be immediately banned from Bali HHH 2.
10. Start time of runs is 4:30pm.
